Other private work – if any other services are required prices will be discussed and agreed with patients at the start.			

Please Note:

The above private, non-NHS, fees are subject to change at the discretion of Wye Surgery.

- All private work must be paid for in advance. As soon as you have paid your request will be actioned. (Unfortunately, advance payment is required because of an increase in the number of patients asking for private work then either missing their appointment or failing to pay afterwards.)
- Please also note that if any additional work is needed to complete your original request, a small additional charge may be made. However, where possible we will ensure that the initial charge is accurate.
